

The Hutchwilco New Zealand Boat Show is New Zealand's longest running and most popular boating expo.

First run over 55 years ago, the Hutchwilco New Zealand Boat Show still features New Zealand's widest range of boats, engines, electronics and marine accessories.

There is also more to see and do, more attractions, fun competitions and prizes to be won. The Hutchwilco New Zealand Boat Show is a show for the whole family.

The Hutchwilco New Zealand Boat Show is also New Zealand's largest and most popular fishing show. Home to New Zealand's largest fishing supermarket, there is a simply massive display of rods, reels and all manner of fishing equipment on display; much of it offered at special show-only prices.

All of New Zealand's top fishing gurus attend the show and they are willing to share their experiences and offer helpful, practical tips and advice to improve your fishing.

And, if you are new to boating or fishing, are keen on wanting to get involved for the first time or simply want to know more, the Discover Boating Centre is the place to go.

Featuring the 10m x 5m Hutchwilco Pool, it is the entertaining and informing hub of the Hutchwilco New Zealand Boat Show. There is an entertaining schedule of top presenters, a kids' fishing contest, colouring competition and a wide range of helpful, informative experts to offer free advice on all aspects of boating.

For Wright Satellite Connections it was a perfect and very successful forum to show case the latest marine satellite communications solutions. Such as the FleetBroadband 150, 250 and 500 solutions, which is a cost-effective broadband service providing both data and voice, simultaneously, through a compact antenna.

Other products showcased were the Thrane&Thrane TT-6006A Message Terminal, which is the world's first touch-screen GMDSS terminal, Iridium 9555 Satellite Phone, Inmarsat IsatPhone Pro...etc

FleetBroadband 150

The TT-6006A works in conjunction with the SAILOR 6110 mini-C or a MF/HF network to provide easy access and complete control over your vessel's IMO GMDSS safety systems.

Designed specifically for use at sea and built with dedication to quality, the powerful TT-6006A Message Terminal is reliable, user-friendly and able to withstand any maritime environment.

TT-6006A Message terminal

The Iridium 9555 satellite phone is compact, light, and easy to use but with industrial-grade ruggedness - and it's connected to the only truly global mobile communications network.

The IsatPhone Pro is designed to work in just about any conditions and there are no worries about battery life, because it has the longest in the market.

It was an exciting and fulfilling event, and great to get be amongst it - look out for us next year!
